

## High Cost-effective Smart Spectrum Analyzer

Frequency: 9KHz to 6.3GHz (Scalable)  
Analyzing Band: 25MHz  
Processing Rate: 100GHz/s  
Phase Noise: -110dBc/Hz@10KHz  
Weight: 260g  
Control Interface: USB and Ethernet  
API Available: ARM,X86,WINDOWS,LINUX  
Application:RF Automated test,Signal Analysis
